

**INTERNSHIP APPLICATION PACKET IDS 398.02: PROFESSIONAL PRACTICE (3 Hours)  
OFF-CAMPUS INTERNSHIPS ONLY**

Civic Engagement and Responsibility Minor gives students the opportunity to partner with a community agency to gain professional experience for academic credit. The IDS 398.02 Professional Practice course is required by all students who wish to graduate with the Civic Engagement and Responsibility Minor. This packet is designed to assist the student in fulfilling all requirements of their professional practice including; application process, expectations of the student, important contact information and assessment details. Students working towards a major in Teacher Education may receive an internship which focuses on outcomes set forth by the Urban Teacher Preparation (UTP) curriculum. Students who wish to complete IDS 398.02 with a UTP concentration will work with the UTP coordinator as well as with the Civic Engagement & Responsibility Minor coordinator. Regardless of UTP emphasis, however, the Civic Engagement & Responsibility Coordinator remains the teacher of record for IDS 398.02. Because of this, the Minor Coordinator will assess assignments and issue evaluations.

**Professional Outcomes:**

1. Students will gain first-hand knowledge and experience about the community need and the agency they chose. This includes:
  - a. Atmosphere, attitudes, and values in an organization.
  - b. Purpose, structure, and operation of an organization.
  - c. Functions and tasks of the organization and its relationship with the community.
  - d. Observe and understand the decision-making process in an organization.
  
2. Students will have the opportunity to engage in professional activities related to their fields of study.
3. Students will put to practice and apply conceptual knowledge and skills learned in the classroom directly into the community.
4. Students will professionally interact with supervisors and other personnel in order to learn about their job and receive feedback about their job performance.
5. This experience should also provide students with the professional experience and responsibilities similar to those encountered by students after graduation.
6. **Specific to Urban Teacher Prep:** Potential internships include student mentoring/tutoring, pre-service and student teaching, and working with relevant community partners.

**Internship Criteria**

Internship credits are senior hours. Internships credits, however, may not substitute for credits from required courses or electives. No student may count more than 16 hours of any 398 credit toward graduation. Students who want to apply for an off-campus internship must meet the following requirements:

- Must be a senior (90 hours completed).
- Be a student accepted to the Civic Engagement and Responsibility Minor.
- Must have successfully (C or higher) completed all course work in IDS125.

**Steps to Apply for IDS 398.02 Professional Practice**

1. Read the Internship Application Packet about the Civic Engagement and Responsibility Minor internship process.
2. Make an appointment with the Minor Coordinator to discuss career goals and internship options. You may request an appointment by emailing Katy Strzepek at [kastrze@ilstu.edu](mailto:kastrze@ilstu.edu). If

you already have a clear idea of the type of internship you are interested in, complete the forms below and then schedule a meeting with Katy.

3. Complete the four documents described below and submit it to the Minor Coordinator before the deadline for final approval, November 15th (for Spring semester) and April 15th (for Summer and Fall semesters).

i. **Resume (Appendix I):** Create or update your resume. There is one sample enclosed, but it is just a general guideline. Career Services can provide help with your resume.

ii. **Placement Request (Appendix II):** Identify a community service-learning priority (consistent with your personal goals) in a community organization. Each student will be responsible for identifying an organization or business with which they choose to work. It is suggested that the student attempts to find multiple prospects in case a few are not viable. One person (specifically someone in a leadership position) from the organization needs to be acknowledged as the supervisor for the student. The student is responsible for contacting the potential supervisor and explaining the professional practice to them. Supervisors must be aware of the syllabus and their role in providing the student with a professional practice position as it relates to this service-learning experience. After this initial contact, the student should contact the Minor Coordinator (Katy Strzepek) and deliver a brief report of the proposed professional practice (Refer Placement Request). The Minor Coordinator will then contact the supervisor and make arrangements to set up meetings with the student and supervisor. Weekly contact with the Minor Coordinator is expected.

iii. **Professional Practice Contract (Appendix III):** Student and Minor Coordinator will both sign the contract.

iv. **Request for Academic Credit (Appendix IV):** Registration is the student intern's responsibility. If you do not go through the proper registration process, you will not receive academic credit for your internship. ii. Credit Hours: IDS 398.02 is a three-credit requirement. During the Fall/Spring semester, the student will spend **8-10 hours** in the professional practice per week. During the Summer 12-week session, the student will spend **10-12 hours** in the professional practice per week. During the Summer 8-week session, the student will spend **15-20 hours** in the professional practice per week. Students must also complete the internship form on the Career Services "Hire a Redbird" site and should sign the release form.

v. Request for Academic Credit Form (Appendix IV). File this form and the application packet with the Civic Engagement and Responsibility Minor Coordinator, Katy Strzepek and contact Wendi Whitman, to confirm acceptance of your application. This will complete registration for the course.
