

Volunteer Opportunity:
Invasive Species Removal at Comlara Park
Saturday June 8th

12 PM - 4 PM

Details:

- Help remove invasive Honeysuckle & Garlic Mustard species that plague our park
- Work at a specified section containing young growth
- Stop by at the Visitor's Center for directions & more details upon arrival

Why you should volunteer:

- Qualifies for volunteer credit hours (National Honor Society, Key Club, etc.)
- Looks good on a resume, college & scholarship applications, etc.
- Helps support Comlara Park by increasing biodiversity, restoring native species, and reviving our gorgeous views!
- Spend time outside and get great exercise!

Things to bring:

- Gardening gloves, long pants, long socks, and protective shoes, water bottle

For more information contact McLean County Parks & Recreation at (309)-434-6770

FREE pre & post-exposure cream is available for protection against Poison Ivy, Poison Oak, & Poison Sumac
